Information for users

Disposable nitril gloves ambidextrous to fit either hand "STERN" EN 420+A1:2009, EN 1186

Complies with the requirements of the Regulation (EU) 2016/425 and Regulation (EC) 1935/2004.

Size	Marking
6 1/2 - 7	S
7 1/2 - 8	M
8 1/2 - 9	L
9 1/2 - 10	X

Instructions for use:

The gloves are made of high-quality Nitrile. **The gloves are designed for minimum safety risk.** The gloves provide protection of hands against non-aggressive dirt - weak detergents with easily rectifiable impact (the gloves provide protection against diluted detergents etc.). Suitable for short-term contact with food. Textured fingertips provide good comfort and sensitivity for precise handling. The gloves are meant for single use only - disposable. Put the gloves on dry and clean hands.

Please note:

The material of gloves may be damaged by kerosene, mineral oils, fats or organic solvents.

The gloves are not made from natural rubber latex.

The gloves do not protect against chemical, biological, mechanical, or other risks!

The gloves are powder-free.

The gloves do not provide full coverage of wrists.

The elastic gloves are designed to fit tightly to hands; thus they don't have to meet the size requirements of the standard EN 420.

They should be kept in original package, in a dry and well-ventilated room. Excessive humidity, temperature, or intensive light may influence quality of gloves. The supplier doesn't provide guarantee for such damage.

The gloves should be disposed of in accordance with the Waste act.

The Declaration of Conformity can be found here: www.canis.cz; for individual products, in the bar "Documents to download".
